COUNTERFEITS FEVER AND AGUE, CHILL FEVER, DUMB AGUE, INTERMITTENT AND REMITTENT FEVERS, AND ALL THE VARIOUS FORMS OF BILIOUS DISEASES SPEEDILY AND THOROUGHLY CURED BY

Dr. Osgood's Indian Cholagogue. T e following extract is from the Farmer's and Emigrant's Hand sook, a valuable work of some 500 pages, recently published by Messrs. Appleton & Co., New York. In chapter 8, page 235, the au Messrs. Appleton & Co., New York. In chapter 8, page 235, the author, speaking of Fever and Ague, remarks:

"There is a valuable medicine sold in most of the Western cities which we can conscientiously recommend for Fever and Ague, and other bilious diseases, it is the Indian Chebagogue, which is prepared by Dr. Osgood, of New York, who has made the bilious discaders of the West his special study. We are no friends of those medicines usually called patent, but we have had ample opportunity of testing the invaluable effects of the Cholagogue in bilious cases."

The speedy and permanent relief afforded by the Cholagogue arises from its prompt and healthy action upon the blood, cleansing it from bile and restoring it to purity; thus striking at the root. Its tendency is not simply to suspend disease, but to remove the cause on which it depends. It is equally adapted to all ages and conditions of the system.

From S. F. Cary, Counsellor at Law, to the Agents in Cincinnati CINCINNATI, October 11, 1846.

Mesers. Sanford & Park-In June last I was attacked with that Messes. Sanford & Park—In June last I was attacked with that most afflicting and unpleasant disease, the Chills and Fever. The Paroxysms returned daily, and were very severe. My physical energies had been much impaired by a previous attack of billous fever. Having tred several favorite remedies without relief, a friend in whom I had confidence, recommended Dr. Osgood's Indian Cholagogue. I procured a bottle, and followed the accompanying directions. The consequence was, that I had but one paroxysm after taking the first dose, and my general health was rapidly restored without using any other medicine. I disposed of the remainder of the bottle to two other persons similarly afflicted, and with the same results. One of them had been shaking for eight months, and was relieved in two days by the use of the Cholagogue. I consider it my duty, as it is my pleasure, to recommend it, having the most entire confidence in its sanative power.

Yours, truly, S. F. CARY.

its sanative power. Yours, truly, S. F. CARY.
Be sure you ask for "Oegood's Indian Cholagogue," and take no Present from a communication of the Hon. William Woodsridge, of the U. S. Sennte, 'ste Governor of Michigan: DETROIT, Oct. 21, 1840.

Dr. Charles Osgood Dear So:—I have read with much interest, your late treatine, upon the "causes, treatment and cure" of the febrille diseases which have so extensively prevailed in our country during the last few months—an interest increased no could, by the fact that I have individually suffered so much from them. Though I feel myself very incompetent to judge salely upon a subject so entirely professional, yet your theory seems to me well reasoned, and your conclusions just, and I think withal, that your pumphlet i calculated to produce much practical good.

A violent cold, induced by one of those sudden changes in he weather, which I have always found so injurious, resulted in a far more serious febrile attack—the fever assuming the more jainful character of a remittent fever, having become what within a year or two past, I have heard so much of a "chili fever." The disease continued upon me in despite of quinine and other popular remedies, when Mr. B. handed me a bottle of Indian Cholagogue which you had the kindness to send me. I immediately commenced taking the medicine according to directions, and before I had exhausted the contents of the hottle, was decidedly better.

It folly justified your fluttering expectations, and as a safe, canvenient, and popular remedy; my own experience, so far, induces me to believe that it will prove a great public benefit. I am pleased to learn that you have recently established several agencies for its disposition—though I regret that, with a view to a more general dissemination of it, you should have found it necessary to remove from your present residence among us
